

2025 FRENCHTOWN RIDING CLUB GUIDE

Hello!

Hi, I'm Danielle, the photographer behind Unborn Legacy Photography. I believe photography is more than pictures –it's storytelling through light, movement, and connection. My passion lies in capturing the unspoken bond between horse and rider, preserving it as memories that last a lifetime. To me, every equestrian partnership is spiritual, a living poem written in the language of trust and love. My camera simply gives those stories a voice.

In my journey, I've had the privilege of sharing my life with a senior mule who gracefully embarked on his celestial journey on August 2nd, 2023. The memories woven with him have etched an indelible mark on the canvas of my heart and soul, where his spirit forever resides. His presence continues to inspire my work, reminding me that every bond is unique, fleeting, and worth remembering.

-Danielle

The Process

REACH OUT

Reach out to Barbara to book your session. The photoshoot can be fall related or holidays.
